

WE'RE MORE THAN SOFTWARE DEVELOPERS.  
**IT'S ALL ABOUT  
THE EXPERIENCE.**

## Team Lead (m/f/x) Cloud Automation

Leadership | CI/CD | Kubernetes | Mentoring | Coaching | Team Management

Would you like to take on more responsibility and continue your passion for software development, cloud technologies, CI/CD, and enabling other developers? You enjoy mentoring and coaching your colleagues? You want to share your knowledge and be active in team development?

### Your role in the team

- Ensuring smooth and effective teamwork, focusing on mentoring, coaching, and leadership.
- You act as a software engineer, continuously building upon and improving our Kubernetes-based workload automation microservices.
- Collaboration with Directors, Product Owners, and Lead Product Engineers as well as Agile Coaches so you as a team reach your goals.
- Creating an inspiring, cooperative environment with open communication and fostering teamwork.

### Your profile

- Empathetic and sympathetic person with a passion for mentoring, coaching, and transferring knowledge.
- Experienced software engineer with a solid understanding of the Agile software development lifecycle, and CI/CD workflows
- Good working knowledge of Infrastructure-/Configuration-as-Code, Kubernetes, and Cloud infrastructure
- Communicative personality with clear goals who is thinking end-to-end

### You will love this job if

- you look for new challenges **with Angular, React, JavaScript and TypeScript.**
- you appreciate **team spirit** and like swapping new ideas with your teammates.
- an **international environment** is attractive to you.

Due to legal reasons, we are obliged to disclose the minimum salary for this position, which is EUR 50,000 gross per year based on full-time employment (38.5 h/week). We offer a higher salary in line with your qualifications and experience.
