

WE'RE MORE THAN SOFTWARE DEVELOPERS.
**IT'S ALL ABOUT
THE EXPERIENCE.**

Senior Cloud Engineer (m/f/x)

DevOps | Continuous Delivery | Automation | Self-Healing IT

In this position, you will be working very closely with feature teams and product architects to define and shape the way how we deploy cloud native applications. You and your team will build out the required systems and infrastructure to support the entire lifecycle of services in a highly scalable way from the dev stage to production.

Your role

- Design systems and services by applying the Open Application Model to our service architecture to support cloud as well as on-premises solutions
- Work closely with architects and feature teams to define requirements and drive initiatives from idea to value
- Work together with stakeholders and your team members to build a technical backlog
- Build reliable and highly maintainable services while seeking excellence in automation
- Development of innovative solutions in an agile team
- Driving NoOps Enablement in Dynatrace R&D

Your profile

- Technical study related to IT (or similar)
- At least 3 years of experience in Systems Engineering
- Strong background in Kubernetes and container technologies
- Experience in public cloud providers' offerings
- Experience in architectural design is a plus
- Experience with agile development is a plus

What's in it for you?

- A **one-product software company** creating real value for the largest enterprises and millions of end customers globally, striving for **a world where software works perfectly**.
- Working with the **latest technologies** and at the forefront of innovation in tech on scale; but also, in other areas like marketing, design, or research.
- Working models that offer you the flexibility you need, **ranging from full remote options to hybrid ones** combining home and in-office work.
- A team that thinks outside the box, welcomes unconventional ideas, and **pushes boundaries**.
- An environment that fosters innovation, enables creative collaboration, and **allows you to grow**.
- A globally unique and **tailor-made career development program** recognizing your potential, promoting your strengths, and supporting you in achieving your career goals.
- A **truly international mindset** that is being shaped by the diverse personalities, expertise, and backgrounds of our global team.
- A relocation team that is eager to **help you start your journey to a new country**, always there to support and by your side.
- Attractive compensation packages and stock purchase options with **numerous benefits and advantages**.

Due to legal reasons, we are obliged to disclose the minimum salary for this position, which is € 56.000 gross per year based on full-time employment (38.5 h/week). We offer a higher salary in line with your qualifications and experience.
